at 2:00 on the 21st*

A Celebration in Sound

In 2008, Copper Street Brass began as a collection of recent music-school graduates, practicing in our basement and searching for gigs. Ten years later, we've worked hard to find our true artistic voice - blossoming into a full-time, self-sustaining artistic brass group, one of only a few in the entire country, and we're so proud of our accomplishments.

So, it's time to celebrate! Join us for an amazing night of music as the artists of CSB perform our very favorite music from our archive of over 250 unique arrangements. At these concerts, you'll hear the 'greatest hits' of Copper Street's unique sound - music will range from immersive orchestral music, beautiful folk melodies, crossover jazz, nostalgic pop ballads and, of course, classic rock. Don't miss the party!

A photograph of a church interior during a Christmas service. The scene is dimly lit with a blue tint. In the background, a large, ornate organ is visible. Two Christmas trees, decorated with lights, stand on either side of the organ. In the foreground, several people are seated in pews, facing the altar area. The text "Christmas on Copper Street" is overlaid in a white, elegant, cursive font across the center of the image.

Christmas
on

*Pre-Concert Conversation begins
at 2:00 on the 16th*

December 17th | 7:30 PM

Mt. Calvary Church, Eagan

'Tis the Season for Brass!

There's no better time for brass than the holidays! Now a family tradition for many, our popular holiday concert celebrates the stories and sounds of the season. You'll hear everything from traditional carols and classical music to funk and rock holiday tunes - crafted with our signature original arrangements and performed with passion, humor, and virtuosity.

You'll also hear music from favorite childhood movies and TV specials like *The Nutcracker*, *The Snowman*, *A Charlie Brown Christmas*, and *The Grinch*. Join us at any of our five metro-area performances for a concert the whole family will love!

Mixtape

March 2nd
7:30PM

Sundin Music Hall, St. Paul

*Pre-Concert Conversation begins
at 6:30*

Get Your Kicks!

Copper Street Brass was born on Route 66 in Albuquerque, New Mexico, and our time in the Southwest taught us there's nothing quite like the open road! On March 2, 2019 at 7:30pm the Copper Street Brass performs the soundtrack to your next adventure at Sundin Music Hall in St. Paul, MN.

Taking you on a musical tour of the history and landmarks of America, the CSB is celebrating the art of the perfect road trip mixtape. Music ranges from folk music to classic rock to modern pop. Don't miss this unique way of experiencing America, one song at a time with the Copper Street Brass! Because on a road trip, the journey is the destination.

A silhouette of a woman playing a trumpet is centered against a warm, orange-toned background. The woman's hair is blowing in the wind, and the trumpet is held across her body. The overall mood is artistic and evocative.

Matriarchs of Music

This concert is a celebration of women in music - from classical composers overshadowed by their male contemporaries, to influential Vietnam War-era singer/songwriters, to powerful lead singers of globally popular rock bands.

This show will feature CSB covering songs by leading ladies throughout music history, such as classical composers like Clara Schumann and Laurie Anderson; jazz singers like Ella Fitzgerald and Billie Holiday; influential folk artists like Joan Baez, Patti Smith, Carole King, and Joni Mitchell; powerhouse performers like Whitney Houston, Aretha Franklin, Tina Turner, Pat Benetar, and Joan Jett; and modern pop stars like P!nk, Beyonce, and Adele. Join us for this special tribute to these powerfully strong and influential musical artists!

Free Family Series

Tools — of the — Trade

Building Music With Brass

February 17th | 1:00 PM

Hennepin Church, Minneapolis

Being a professional musician is something people do as a job. Just like a builder builds houses for her job, we musicians use tools (instruments) and materials (building blocks of music) just like a builder to do our job of building songs.

During the presentation we'll meet each brass instrument, learn its name and job, and hear how it is used as a tool to build songs using musical building blocks like melody, harmony, and rhythm. Be ready to move and sing along to your favorite songs with CSB! This program is open to all but is especially geared for kids ages 6-10.

Sound Learning.

March 23rd | 1:00 & 2:00 PM

Science Museum of Minnesota, St. Paul

We are bringing our entertaining educational presentation to the Science Museum of Minnesota for an interactive and fun musical experience for families with children of all ages! During our two concerts at SMM, children - and adults! - will learn about how sound works through familiar songs.

After each show, kids can learn more about the science behind sound with SMM staff, and even make their own instruments to take home. In fact, the entire museum will be all about the science of sound this day, so join us for some sound learning! The Science of Sound is perfect for the whole family, especially for kids aged 8-12.
